

1. Scope

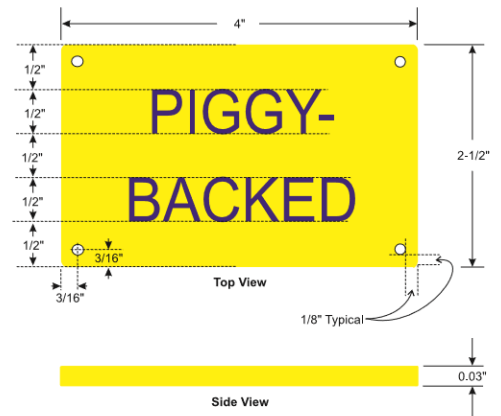

This specification applies to the tag illustrated in the drawing.

2. MATERIAL

Tags shall be made of 0.03" thick sub-surface printed velvet-textured non-adhesive coated Lexan plate.

3. Size

Tags shall be 2-1/2" wide x 4" long. Text fonts shall be scaled and similar in appearance to those shown in the drawing.
Four, 1/8" diameter mounting holes shall be provided, one in each corner, as shown below.

4. Color

Black UV resistant legend on yellow UV resistant background, Pantone Color 108CV or District approved equivalent.

5. Material ID NUMBER

This specification applies to District Material ID Number: 1001646.
