

## 1. Scope

This Specification applies to a flat-surfaced, aluminum-backed, reflective sign as illustrated below in Figure 1.

## 3. Material ID Number

This Specification applies to the following District Material ID Number: 1002373

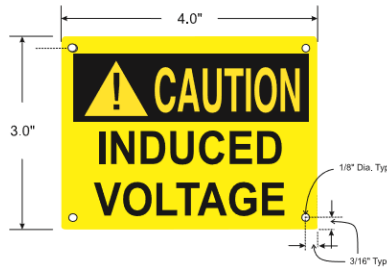

Figure 1

## 3. Size

Sign shall be 3" high x 4" wide. Each sign shall have four 1/8" diameter holes, one in each corner, centered 3/16" from each edge.

## 4. Font

Copy legend shall be Helvetica-Narrow Bold.

## 5. Color

Signs shall be UV-resistant yellow reflective background with black copy.

## 6. Clear Coat

Signs shall be overcoated with a durable clear UV-resistant clear coat if required to achieve maximum life and high reflective qualities. If the materials manufacturer advises that these qualities are achievable without a clear coat, then it will not be required.

## 7. Material

Signs shall be made of 3M engineering grade Scotchlite materials, or District approved equal, and laminated to an aluminum substrate, 0.025" to 0.040" thick.

## **8. Outdoor Durability**

Seven years minimum, with vertical exterior exposure.

## **9. Identification**

Each box shall be marked with the manufacturer's name or logo and the date of production.

## **10. Packaging**

Signs shall be packaged in Zip-Lock type resealable, clear polyethylene bags, 5 tags per bag.
