

Material Standards

1002393.1 Back Up Camera Vehicle Decal

Revision 1 Dec 20, 2010

1. Scope

This specification applies to District Material ID's 1002393 decals as illustrated.

2. Material and Decal Requirements

Refer to District Material Standard DECALMAT7.

3. Size

Labels shall be 4.0" high x 3.0" wide.

4. Color

UV resistant Fire Red copy with UV overprint clear.

TFT Backup Camera Settings Press Power to turn on/off Press Menu to go into adjust mode Use the menu button to scroll to select Contrast, Brightness, Color Tint, or Screen option. When option is selected use the +/- to adjust setting. Screen setting should be in "Screen up" mode. Screen will automatically return to normal display. Press Volume to adjust the sound level of speaker at the rear of the truck. Use +/- to adjust volume level. Press Dimmer button to dim display.

5. Identification

The manufacturer's name or logo and the date of production shall be clearly marked near the bottom left edge of each decal. The District's Material ID number shall be clearly marked near the bottom right edge of each decal. Markings shall be in a small, legible font to avoid detracting from the decal's message. Refer to the illustration for the required locations for these markings.
