

## 1. Scope

This specification applies to the tag illustrated in the drawing.

## 2. Material

Tags shall be made of 0.03" thick sub-surface printed velvet-textured non-adhesive coated Lexan plate.

## 3. Size

Tags shall be 2-1/2" wide x 4" long. Text fonts shall be scaled and similar in appearance to those shown in the drawing. Four, 1/8" diameter mounting holes shall be provided, one in each corner, as shown below.

## 4. Color

Tags shall have a white UV resistant legend on a blue UV resistant background. The blue background shall be Pantone Color #293C or District Approved equivalent.

## 5. Material ID Number

This specification applies to District Material ID Number: 385220.
